BORROW THESE

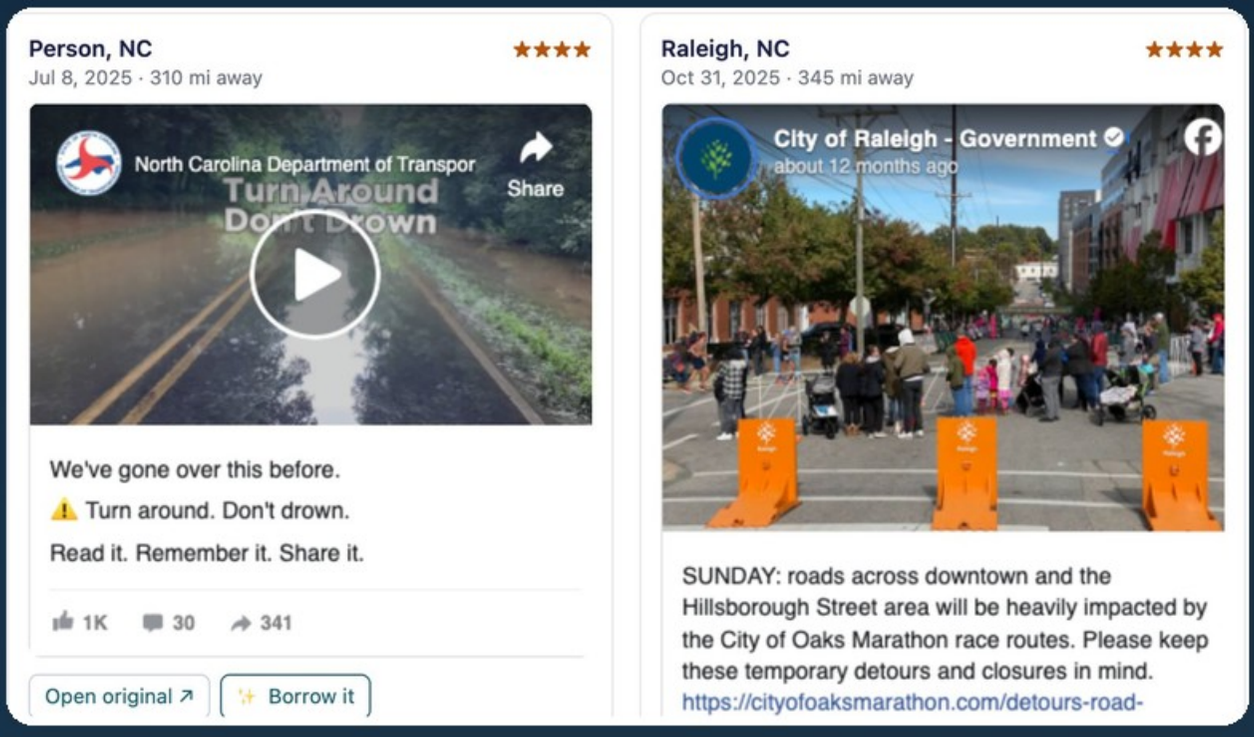

Five habits from the videos that worked

1. **Put real staff on camera.**
   Officers, firefighters, crews, librarians.
2. **Keep it short.**
   Most of the standouts run under a minute.
3. **Facts in the caption, video light.**
   Dates and details go in the text.
4. **Let departments lead.**
   Police, fire, parks, and libraries have a natural cast.
5. **Post steadily.**
   A third of accounts went quiet for 90 days.
