Cleveland County (Main)

Primary Driver

Posts 47 (11.0/week) · 33% of total
Total Engagement 1,416 · Avg 33.7/post
Avg per post Likes 20.5 · Comments 0.1 · Shares 13.1

Main posted 47 times in June (11.0/week) — 33% of the portfolio's volume — with likes leading the mix, reflecting broad positive reactions; engagement is strong at 33.7 per post, above the NC counties median of 19.7. As the portfolio's volume anchor, holding this cadence while protecting room for the highest-effort posts keeps both reach and engagement strong.

Where Cleveland County leads: the content mix is anchored by Animal Services (31.9% vs 4.6% peer average) and Public Safety & Police (18.4% vs 11.9% peer average), well above peers and the clear strength of the month. These are the formats to keep front-and-center.

Gaps to address: Government Information & Boards (7.1% vs 17.7%), Health & Wellness (3.5% vs 11.3%), Library & Education (0.7% vs 5.3%) are below the NC counties average. A few targeted posts in these categories next month would round out a more complete, balanced portfolio.

“This is super helpful to our planning. I will be sharing at a staff meeting next week.”
